SIR:

INFORMATION DISCLOSURE STATEMENT - SECTION 1.97(b)

Under the provisions of 37 C.F.R. Section 1.56, and in accordance with 37 C.F.R. Sections 1.97 and 1.98, applicants' representative hereby submits US Patent & Trademark Office Form PTO-1449. Copies of the references cited therein are submitted for consideration in the examination of the above-referenced patent application. It is respectfully requested that they be made of record, along with whatever references the Examiner may find in the course of a search, should the Examiner consider them material to the subject application.

The references have been cited in the international Search Report. They were all marked "A" by the Examiner as relating only to background information.

The references do not disclose that in a vehicle roof which is movable between a closed position and a storage position in a rear storage compartment of a vehicle comprising a rear cover which is pivotally supported such that it can be raised at the rear end thereof from a closed position, in which it covers the storage compartment, to a loading position, in which the rear end of the rear cover is raised, the vehicle roof stored in the rear storage compartment can be raised independently of the rear cover and can be

locked with the rear cover in the raised position, in which access to the rear trunk is facilitated.

This Statement is hereby submitted under Section 1.97(b) since it is being submitted concurrently with the filing of the above-referenced application.

Respectfully submitted
